

## Issuing Convenient Pack Juice (JD)

Convenient pack juice is ONLY authorized for participants that do NOT have adequate preparations and/or storage facilities available to them. You will primarily issue this food code for homeless or migrant participants.

Because convenient pack juice comes in a multitude of sizes it is necessary to issue in ounces rather than in packages. Please use the guide below to issue food code **JD**.

Children	1-2 Years	2-5 Years	
	128 oz	128 oz	
Women	Pregnant or Breastfeeding	Non-Breastfeeding Postpartum	Fully Breastfeeding Multiples
	144 oz	144 oz	288 oz Month 1 144 oz Month 2

Below is a list of authorized juices that participants can purchase under this food code. Our vendors are not very familiar with these juices as they are rarely issued or purchased. Since they are issued on such a rare basis, this list is not available on our web page. A PDF copy has been provided to you. Please print and cut in half to hand out as half sheets of paper with the color food brochure.

#	UPC	Brand	Product Description	Type	Size
1	05100000020	Campbell's	V-8	5.5 oz Cans	6 Pack
