

The State of Nevada WIC Program is accepting submissions for new foods in all categories now through April 30, 2020. Food products submitted for approval must be commercially available statewide in Nevada for 1 year prior to eligibility consideration with no problem of distribution, recall or documented health problems associated with the product.

The following items are needed for submission:

- Completed UPC request form
- Include copies of the label(s) to include the ingredients, bar code all 12 UPC numbers
- All available forms of the product
- Average suggested retail price for each item
- Length of time product has been available in the Nevada market
- Store distribution list for the products in Nevada

Please send all food submissions to wicgeneral@health.nv.gov

All food submissions will be reviewed by Nevada WIC Nutrition Staff. Approval/denial notifications will be sent in June. New approved foods will begin scanning Thursday, October 1, 2020.
