Attachment D- How to Set the Subtitle Language on a YouTube Video:

- Copy and paste the URL from the lesson plan into your web browser.
- Once the video is loaded, go to the cog on the lower right corner of the video screen.

• Click on the cog and then select Subtitles/CC.

• Then select "English."

• Immediately after selecting "English" you will return to the below screen, select Subtitles/CC again.

• Below "English" an "Auto-translate" subtitle option will appear; select this option.

• A list of languages will appear; scroll down until you see "Spanish" or other desired language and select. Your video will now have subtitles in the language you have chosen.

	Serbian
	Shona
	Sindhi
	Sinhala
	Slovak
	Slovenian
	Somali
	Southern Sotho
	Spanish
	Sundanese
- 	Swahili
