

Similac Infant Formula Recall Substitution Guide

In response to the formula recall, more formula options have been **temporarily** added for purchase at the store. These alternate formulas are available for purchase through **December 31, 2022**.

The formula options available to purchase will depend on the formula issued to your infant. These updates will not appear on your benefits list. Additionally, the temporary formula options available vary in can size.

Conversion for different can sizes:

- 12 oz – 15 oz cans are equal to 1 can of formula listed on benefits
- 19 oz – 24 oz cans are equal to 1.5 cans of formula listed on benefits
- 28 oz – 35 oz cans are equal to 2 cans of formula listed on benefits

Please use the following guide to determine what substitute formula is available and how many cans you can purchase with your WIC benefits.

NOTE: The tables below are based on a full month of benefits. Partial package amounts will differ.

HELPFUL TIPS:

If you purchase a new brand of formula, purchase 1 or 2 cans to trial first to ensure your baby tolerates it. Make sure you are following the preparation instructions on the formula can for any formula you purchase. If you have any questions about your infant's tolerance of a formula, please contact your health care provider.

Guía de sustitución de retiro de fórmula infantil de Similac

En respuesta al retiro de la fórmula, más opciones han sido aprobadas **temporalmente** para que usted pueda comprar la fórmula que su bebé necesite en la tienda. Estas fórmulas alternativas están disponibles para su compra hasta el **31 de diciembre de 2022**.

Las opciones de fórmula disponibles para comprar dependerán en la fórmula que su bebé este recibiendo actualmente, las opciones adicionales no aparecerán en sus beneficios. Además, las opciones de fórmula disponibles temporalmente variaran en tamaño de la lata.

Conversión para diferentes tamaños de lata:

1. Las latas de 12 - 15 oz son iguales a 1 lata de fórmula enumerada en los beneficios
2. Las latas de 19 - 24 oz son iguales a 1.5 latas de fórmula enumeradas en los beneficios
3. Las latas de 28 - 35 oz son iguales a 2 latas de fórmula enumeradas en los beneficios

Utilice la siguiente guía para determinar qué fórmula sustitutiva está disponible y cuántas latas puede comprar con sus beneficios de WIC.

NOTA: Las siguientes tablas se basan en un mes completo de beneficios. Las cantidades parciales del paquete pueden variar.

Consejos Útiles:

Si compra una marca nueva de fórmula, compre 1 o 2 latas para probarla primero y asegurarse de que su bebé la tolere. Asegúrese de seguir las instrucciones de preparación que se encuentran en la lata para cualquier fórmula que compre. Si tiene alguna pregunta sobre la tolerancia de su bebé a una fórmula, comuníquese con su proveedor de atención médica.

Si sus beneficios dicen....		Hasta el 31 de diciembre 2022, puedes comprar...
